Introducción

28 de noviembre

Día Nacional de las
**Personas con
Discapacidad
Auditiva**

Las limitaciones para
escuchar representan
**25 % de las
presentadas en la
población de México**

Fuente: <https://www.copred.cdmx.gob.mx/comunicacion/hotad/da-nacional-de-las-personas-sordas>

#MeCuido #PorAmorALaVida

Este programa es público, ajeno a cualquier partido político. Queda prohibido el uso para fines distintos a los establecidos en el programa

The infographic features a central illustration of a woman with dark hair, wearing a blue surgical mask and a white t-shirt with the word 'LOVE' in colorful letters. She is gesturing with her hands as if speaking. To her left is a dark teal box containing the date '28 de noviembre', the title 'Día Nacional de las Personas con Discapacidad Auditiva', and an icon of an ear with a red prohibition sign. To her right, large text states that 25% of the population in Mexico has limitations in hearing. At the bottom right, there are two hashtags: '#MeCuido' and '#PorAmorALaVida'. A small source link is provided above the hashtags. A footer at the very bottom states that the program is public and not affiliated with any political party, and that its use for other purposes is prohibited.
